**WHAT'S WRONG WITH THIS PICTURE?
COME & JOIN US FOR THE ANSWERS.**

The Massachusetts Consultation Program is offering *free* half-day occupational safety seminars designed to help employers and employees with recognition and control of industrial safety hazards, and achieve compliance with OSHA regulations. The seminars also are designed to assist employers in developing an effective safety and health program. Topics presented at these training seminars will include:

- / Accident Investigation***
- / Problem Solving***
- / Safety and Health Program Management***
- / Recognizing Occupational Hazards Refresher***
- / Hazard Recognition Exercises***
- / OSHA Required Written Programs***

Each attendee will actively participate in identifying and evaluating hazards and programs.
Space is limited so please register early. Questions? Call (617) 969-7177.
